

MEETING ANNOUNCEMENT

A symposium on the "Developmental Genetics of the Early Embryo" has been scheduled for October 17-20, 1976. It will be held on the campus of Indiana University in Bloomington, Indiana.

Dr. Robert Briggs and Dr. Rufus Humphrey will be honored at the symposium for their long-standing contributions to amphibian developmental genetics.

A partial list of the speakers includes:

Donald Brown, Carnegie Institution of Washington, Baltimore.

Igor Dawid, Carnegie Institution of Washington, Baltimore.

Eric Davidson, California Institute for Technology.

L. Denis Smith, Purdue University.

Antonie Blackler, Cornell University.

Karl Illmansee, Institute for Cancer Research, Philadelphia.

John Gurdon, Medical Research Council, Cambridge, England.

Joe Gall, Yale University, New Haven.

Beatrice Mintz, Institute for Cancer Research, Philadelphia.

In addition to a series of formal talks, a workshop on the developmental genetics of the axolotl has been tentatively scheduled.

The organizers of the conference are G.M. Malacinski and A.J. Brothers. Details will be made public soon. Address inquiries to either G.M.M. or A.J.B.
