

Position Available

A one to three year appointment for a research associate (Ph.D.) in Molecular Biology is available, beginning immediately, in Dr. W. Yean Chooi's laboratory. The appointee should have an interest in the structure and function of ribosomal proteins and skills in nucleic acid fractionation and/or protein purification. A knowledge of current immunological assays is preferred but not essential. Salary will be established at approximately the level of federal post-doctoral fellowships.

A general description of Dr. Chooi's research can be found in the following publications: Handbook of Genetics, vol 5, edited by R.C. King (Plenum Press): Chromosoma 58: 169-192; Chromosoma 58: 193-218.

Send resume with three references to Dr. Y. Chooi, Department of Biology, Indiana Univeristy, Bloomington, Indiana 47401.
