AXOLOTL NEWSLETTERS 1 - 15

INDEX OF TITLES

Addendum to Bibliography of Works of R. R. Humphrey, 7:33
 Addendum to "Sources of Amphibians for Research. II.", 6:18
 Addition to the Axolotl Colony Directory, 11:10
 Additions to the Directory of Axolotl Colonies, 7:32
 The Adjustable Axolotl (reprint of advertisement), 8:26
 Alkylation Treatment of the Mexican Axolotl: An Approach to the
 Induction of New Mutations (abstract), 4:10
 Ammonia, Ammonium, Nitrite, and Nitrate: Causes of Disease in
 Axolotls and Prevention of Their Toxic Effects, 11:24
 Amphibian BioTech, Inc., 12:20; 13:51
 The Amphibian Facility. Price List, 6:20
 Amphibian Neurogenesis: An Overview (abstract), 4:17
 Amphitech, Inc., See Amphibian Biotech
 Analysis of the Eyeless Mutant in the Mexican Axolotl (Ambystoma
 mexicanum) (abstract), 4:13
 Analysis of the Neural Induction System of the Amphibian Embryo
 (abstract), 2:18
 Analysis of the α Mutation, a Maternal Effect Mutant of
Ambystoma mexicanum (abstract), 4:12
 Another Brine Shrimp Hatchery, 4:3
 Approaches to Problems of Celltype Determination and Gene
 Regulation in Amphibians (abstract), 4:16
 Aspects of Mauthner Cell Differentiation in the Axolotl
 (abstract), 4:24
 Author Index, 15:28
 Availability of Experimental Material, 8:1
 Axial Designations for the Limbs of Ambystoma and Notophthalmus,
 11:6
 Axolotl (fiction), 7:29
 Axolotl Attack (cartoon), 15:26
 The Axolotl Colony at Arizona State University, 9:28
 The Axolotl Colony at Indiana University, 1:3
 The Axolotl Embryo as a Model for Studies of Neural Crest Cell
 Migration, 14:10
 Axolotl Recipes, 8:24
 Axolotls in the Lab, 9:21
 Axolotls Sweep into Finnish Literature, 7:28

 The Behavior and Morphology of Urodele Pigment Cells in vitro,
 15:7
 Benzocaine: An Excellent Amphibian Anesthetic, 14:19
 Bibliography of General Review Articles on the Axolotl, 1:11
 Bibliography of Recent Research on Axolotls, 8:3

Biotectonics (poem), 5:23
 Breeding Axolotls in Aquaria, 7:23

 Call for Information on Crowding, 14:26
 A Cautionary Note Concerning Chloramine Treated Tap Water, 13:37
 Center for Reptile and Amphibian Propagation, 13:49
 Central Valley Biologicals. Center for Reptile and Amphibian
 Propagation, 12:18; 14:22
 Control Mechanisms Involved in Pigment Cell Differentiation--The
 Axolotl as a Model System, 14:1
 Culture of Crickets: A Food for Amphibians and Reptiles, 12:23

 Description of an Aquarium for Maintaining Axolotls, 13:31
 Development of Pigment Patterns of Amphibians (abstract), 4:11
 The Developmental Significance of Lampbrush Chromosomes
 (abstract), 2:15
 Directory of Axolotl Colonies, 6:7
 Additions, 7:32; 11:10
 Diseases: Introduction, 9:2
 Diseases of Axolotls in the Amphibian Colony of the Hubrecht
 Laboratory, Utrecht, the Netherlands, in the Period 1974-1980,
 9:7
 Correction, 10:37
 A Discussion of the "Eyeless" Mutant (abstract), 4:15
 Dosages of Injectable Antibiotics, 9:6
 The Dual 5S Gene System in *Xenopus* (Abstract), 2:9

 Effects of Heat and Storage on Unfertilized and Fertilized Eggs
 of *Xenopus* (abstract), 2:7
 Everything You Wanted to Know About Creating a Strain of Axolotls
 Carrying a Tiger Salamander Gene but Were Afraid to Ask, 3:1
 Exit Laughing, 14:31, 32, 33; 15:25

 Factors Influencing Axolotl Spawnings at Developmental Biology
 Center, University of California, Irvine, CA, 13:26
 Fairleigh Dickinson University's Axolotl Colony: Diseases and
 Abnormalities, 9:14
 Further Notes on Pathologic Populations of Tiger Salamanders in
 the Wasatch Mountains, Utah, 13:16

 Gene Regulation in Transferred Somatic Cell Nuclei (abstract), 2:14
 The Germ Plasm of *Drosophila*: An Experimental System for the
 Analysis of Determination (abstract), 2:17
 Gram Positive Bacterial Infection of the Axolotl, 9:12
 Great Horned Axolotl/Super Axolotl (cartoons), 8:27
 Gynogenesis: A Means of Rapidly Creating Inbred Lines?, 15:12

Hatching Brine Shrimp Eggs, 3:17
 Histocompatibility Groups in the Mexican Axolotl (abstract), 1:15
 Histological Methods for Axolotl Tissues, 11:32
 How Are Your Standards?, 6:15
 How I Get Eggs Out of Axolotls, 13:28

 I Never Saw an Axolotl (poem), 7:27
 I Wandered Lonely as a Cloud (poem), 7:27
 Immunogenetic Profile of the Axolotl: 1977 (abstract), 4:14
 In Search of Axolotl Tumors, 14:26
 Induced Spawnings and Artificial Insemination in the Axolotl, 10:1
 Instructions for Submitting copy to the Axolotl Newsletter, back
 page each issue
 An Inexpensive Macrophotography Setup for Amphibian Embryos, 12:8
 Infections of the Axolotl: Summary of Data, 9:5
 Correction, 10:37
 The Injection of Nuclei and DNA into *Xenopus* Oocytes (abstract), 2:16
 Instructions for the Care and Feeding of Axolotls, 3:9
 An Introduction to the Developmental Genetics of the Mexican
 Axolotl (abstract), 4:22
 Is MS 222 Mutagenic?: A Sex-Linked Lethal Test, 11:8
 Is the Cardiac Lethal Mutant Real? (abstract), 4:19
 Isozymes in the Axolotl, 13:4

 Labile Water Quality Parameters in Amphibian Holding Systems,
 13:38
 A Lethal Sporozoan Parasite Causing Skin Pustules, 9:13
 A Lethal Syndrome in the Axolotl: Anemia with Enlargement of the
 Liver and Spleen, 9:16

 The Maintenance of *Ambystoma mexicanum* in the Hubrecht
 Laboratory, Utrecht, the Netherlands, 9:26
 Makes One Want to Axolotl Questions (cartoon), 7:26
 Making the Transition from Bowls to Aquaria, 9:35
 Manipulation of the Sex Life of the Mexican Axolotl or How to
 Obtain a Continuous Supply of Urodele Eggs, 10:5
 Mark Trail (cartoon), 8:25
 Meeting Announcement. A symposium on the "Developmental Genetics
 of the Early Embryo," 1:16; 2:4
 Meeting Announcement. American Society of Zoologists. The
 Developmental Genetics of the Axolotl, 3:18; 4:5
 Meeting Announcement. Fourth Biennial Forum on Regeneration,
 12:14; 14:28
 Meeting Report--Toronto, 1977. Developmental Genetics of the
 Mexican Axolotl, 5:2
 Metamorphic Events in the Axolotl (abstract), 4:26
 Microtubule Proteins in Amphibian Development (abstract), 4:25

Midwest Forum on Regeneration (announcement), 14:28
 Miscellaneous Diseases and Other Notes, 9:18
 Modified Bismuth Staining Procedure for Axolotl Tissue, 12:2
 Reprint of Figures 1-6, 13:55
 Morphological, Biochemical and Immunohistochemical Studies on
 Heart Development in Cardiac Mutant Axolotl Embryos
 (abstract), 4:20
 Mutant Genes in the Mexican Axolotl, 1:13

nc: A Microtubule Assembly Mutant in the Mexican Axolotl
 (abstract), 2:19
 Need a Fast Frog?, 14:23
 New Journal Announcement--Alytes, 13:46
 Newsletter Dates, 15:27
 Notes on Maintaining Axolotls in Aquaria, 9:30

The o Mutant of the Mexican Axolotl, an Instructive Lecture Topic
 for a Developmental Biology Course, 5:17

Pinhead (pi): A New Mutant Gene Affecting Craniofacial
 Development in the Axolotl, 15:20
 Pinhead (pi) Lineage, 15:23
 Polarities in the Amphibian Blastula, 10:6
 Pressure Induction of Triploids in the Axolotl, 5:12
 Problems with Plastics and Axolotls, 9:32
 Protozoan Cure, 7:25
 Publication Announcement, 10:36
 Publications of R. R. Humphrey, 6:1
 Addenda, 7:33; 9:36

Raised Epidermal Ridge Disease, 9:9
 Raising Axolotls in Individual Containers, 9:33
 Report on "Developmental Genetics of the Early Embryo" Symposium,
 3:3
 Reprint of Histological Sections, 13:55
 Request for Information, 12:17
 Research Summary of the c Gene in the Mexican Axolotl, 1:9
 Residual Seasonality in Laboratory Axolotls, 13:32

Second Addendum to Bibliography of Works of R. R. Humphrey, 9:36
 Selective Innervation of Axolotl Limb Muscles, 14:5
 A Skin Disease Affecting Limb Regeneration, 9:10
 Some Tips for Feeding Finicky Axolotls, 11:30
 Sources of Amphibians for Research. II, 6:supplement
 The Spastic Gene and Neurogenesis in the Axolotl (abstract), 4:18
 The State of the Colony at the End of 1985, 15:3
 State of the Indiana University Axolotl Colony--1982, 11:3

State of the Indiana University Axolotl Colony--1983, 12:1
 State of the Indiana University Axolotl Colony--1984, 13:2
 Status in the Umea Axolotl Colony 1985, 15:17
 The Strain Background of the Cardiac Gene, 5:7
 Structural Gene Sets Active During Sea Urchin Oogenesis and
 Embryogenesis, and the Persistence of Maternal mRNA
 (abstract), 2:10
 The Structure of Ribosomal DNA (abstract), 2:11
 Subject Index, 15:36
 A Summary of Stages of Limb Regeneration in the Axolotl (research
 note), 2:2
 Survey of the Reproductive Capacities of Three Separate Age
 Groups of Wild-type Ambystoma mexicanum (Dutch Strain), 13:17
 Synthesis of Stable and Unstable RNA in Xenopus laevis Oocytes
 (abstract), 2:20

Table of Stages of the Normal Development of Axolotl Embryos and
 the Prognostication of Timing of Successive Developmental Stages
 at Various Temperatures, 7:2
 A Three Year Survey of Reproductive Capacity in the Indiana
 University Axolotl Colony, 13:21
 Titles Index, 15:31
 Towards the Development of a Practical Method for Reversing the
 Sex (Male to Female) of Large Numbers of Ambystoma mexicanum,
 11:12
 Toxic Effects of Ammonia and Nitrate on Axolotls in Filtered
 Aquariums, 9:31
 Treatments and Dosages, 9:6
 Two New Genes Discovered in Recently Imported Stock of Ambystoma
mexicanum, 13:11
 Two Pathologic Populations of the Tiger Salamander (Ambystoma
tigrinum) in Utah, 11:27
 The University of Ottawa Axolotl Colony, 13:36
 Update of Bibliography of Recent Research on Axolotls, 12:30
 Update on "Raised Epidermal Ridge Disease," 11:19

What's Your Diagnosis? Ol' Pink Eyes, 12:12
 Workshop on Amphibian Larval Biology (announcement), 13:45; 14:27
 The Worried Axolotl (poem), 10:39

Xenopus I (advertisement), 13:50
